

## Children of VDISMR at Standard & Chartered marathon 2011

The Vallabhdas Dagara Indian Society for the Mentally Challenged has for the past three decades been playing a stellar role in the support, upliftment and social integration of several types of Challenged individuals and their families.

VDIS proposes to send some of its students to participate in the Annual Marathon held by Standard Chartered in January in Mumbai.

### OUR MISSION

As you must be aware this Annual Marathon has become immensely popular and is attended and closely followed by millions of sporting people. A large number of Corporates also either take part or support this annual event. It is also a great opportunity for Brand building and getting huge media coverage.

Such Sporting events go a very long way in:

A] Encouraging the special children and giving them immense joy:

B] Helping create public awareness about such special children and the need to really partner in a great cause

- C] Helping the children's allround development and making their social integration a little easier
- D] Helping showcase what these children can achieve with their grit, dedication, hardwork and proper guidance.
- E] Spreading Smiles and making the world a better place to live.

Your earnest support is requested by your presence at the event and by contributions to the Trust for continuing its yeomen service to the society.
